## LeViogn 2022

---

### Variety:

About 20-year-old vines of the Viognier variety from a South French mass selection. 2021 has a small balance (15%) of Sauvignon Blanc, coming from our vineyard located around our Maso (farm).

### Tasting notes:

The wine presents a beautiful straw yellow. Complex and fascinating nose characterized by a salty texture from which hints of yellow fruits and flowers, vegetal notes of mountain and aromatic herbs stand out and intertwine. Then again light spicy hints and citrus nuances.

On the palate the sip is full, rich, intense, well balanced, and amazes with an intense flavor and mineral finesse. Long finish and beautiful evolution in the glass

### The vineyard

The vineyard extends on a terrace at 300 meters above sea level with south-east exposure and a lake view. The soil is rich of Dolomite limestone gravel and is marked by biodynamic compost and meticulously cultivated over many years.

### The harvest:

The harvest takes place late September-October when the grapes are of a beautiful golden yellow color. The harvest is done exclusively by hand.

### Winemaking:

After pressing the grapes a short fermentation takes place directly in 13 hl oak barrels. Fermentation occurs spontaneously thanks to indigenous yeasts without temperature control. The wine remains on the lees for nine months before being bottled. Like all our wines, it is bottled without filtration.

### Raccommodations:

The best harvest ranges from the end of 2023 to 2028

Serve at 12-14 ° C.

Perfect with white meat, fish, raw seafood (oysters!), vegetables
